## Fusion 4:12 Kidz

**what we're**  
**teaching** this month

When we visit an aquarium, we find a whole world filled with sea creatures, plants, and more. Some of those discoveries we've made about what lives underwater can seem almost like a miracle. But it's not just under the sea for miracles happen – Jesus used water in some of his most well-known miracles! in this four-week series, kids will learn about some of the incredible miracles. Jesus performed to help people grow closer to God. As they do, they will learn how Jesus does everything out of love, calls us to follow him, knows what we need, and most of all, that Jesus can do anything!

## Fusion 4:12 Students

February is known as the "month of love." As Valentine's Day approaches, much excitement is in the air. Everywhere we go, there are hearts, candy, flowers, and a strong emphasis on love. In this 3-week series, students will look at the subject of love from three angles. Students will be able to walk away with the answer to the question that many are asking, "What's love got to do with it?" This is an excellent series for Valentine's Day, and the month of FEBRUARY.

Week 1: God's Love for You

Week 2: Your Love for Him

Week 3: Your Love for Others.
